Welcome! We are pleased that you want to become part of our shop. Here is how it works:

When you bring your items in, we will select what our customers will buy. Sometimes there will be items we cannot sell; we call these **No Thank You's**. Please understand that our customers' preferences must be our selection guidelines. **We base our prices** on condition, brand, style and demand. We will get the best possible price for you. To help us, please refer to the tips on the intake sheet. All prices and price reductions are done at the discretion of our company and its representatives. We reserve the right to run sales and promotions to drive sales at any time.

You will receive 40% of the selling price. We will mail checks for any amount within 14 days of the end of your agreement period. We will display your items for 60 days. You will have a two-week window to pick up unsold items at the end of your agreement. **It will be your responsibility to keep track of your consignment date.** There will be a \$10.00 handling charge to retrieve items prior to this two-week window. Any items remaining in the store after the final pick up date will become the property of Ladies On Main and may be donated to charity, disposed of, or reintroduced into the inventory as a store-owned item. Please call two business days in advance of pick-up to allow us to pull your items from the racks and have them ready for you.

We will do our best to safeguard your items, but we are not responsible for theft, damage or loss.

Consignor represents and states that he/she is the owner of all goods placed for consignment and that the goods are sellable and free and clear of liens or other claims.

We look forward to a long and mutually profitable association with you. After all, we couldn't do it without you, our partner in consigning!

Please indicate what you would like done with any items that have not sold at the end of this agreement:

I would like to pick up any unsold items

I do not wish to pick up any unsold items.

I have read the above agreement and agree to the terms.

HELPFUL TIPS:

1. All clothing items must be cleaned, ironed and on hangers.
2. If your item has its original retail tags still intact, please leave them on. We can command a higher asking price for a brand new item.
3. Small investments can bring great rewards: a lint brush, an electric clothes shaver/de-fuzzer, a reinforced button, etc.
4. Be extra vigilant when checking around areas that can show wear: elbows on jackets, inside the collar and on the cuff for white items, the point where the inseam meets on a pair of trousers, buttons at the chest area on a button-up shirt, etc.
5. If you ensure your items are in perfect condition when they are brought in, it will allow the intake process to be quicker and smoother.
6. Turn your items inside-out before washing them -- it will cause less wear on the "important" side of the fabric.
7. If your shoes came with a box, bring that in, too. Be sure to clean EVERYWHERE with footwear, including the bottoms/soles of the shoes. The cleaner/newer-looking the item, the higher the returns.
